Let's not take them off, but let them know about need for AA support on the call.

Do you think we should take timelines for IAP sharing off the last slide....or perhaps indicate that we need to assess AA support before IAP sharing?

Ex. 5 Deliberative Process (DP)

Many people are out this week, but if you are working, please look these over and check my changes. It shouldn't take you long.

Thanks! I will make any changes on Friday.

Hi All,

I tried to make all the edits from Paul S, Emma and Kris. Please check and let me know if I missed something, or there is anything else that seems awry.

Thanks,

I have retooled Ila's last briefing package slides. Please review and provide me with comments at your earliest convenience.

I prefer feedback by email referring to slide numbers and specific bullets, rather than comments within the slides, but I will take whatever feedback you offer. If you think we need additional slides, please go ahead and propose a set of bullets. I have highlighted some points on which I need greater clarity.

Our goal is to have these completed by Thursday 6/14 for final review by Tina. The initial presentation of these slides is scheduled for 6/19 with

If I receive comments by noon on Wednesday, I will turn around another version by Wednesday at 3:00.

Thanks!
Tom

I'm drafting some slides for the upcoming meetings with the program offices. I'm having trouble giving voice to the following passage:

Ex. 5 Deliberative Process (DP)

Please advise.
